NOTES TO FINANCIAL STATEMENTS

NOTE 1 Summary of Significant Accounting Policies and Going Concern
A. Accounting Practices

The financial statements of United Farm Family Insurance Company (the "Company") are presented on the basis of accounting practices prescribed or permitted by the New York State Department of Financial Services.

The New York State Department of Financial Services recognizes only statutory accounting practices prescribed or permitted by the State of New York for determining and reporting the financial condition and results of operations of an insurance company, and for determining its solvency under the New York Insurance Law. The National Association of Insurance Commissioners' (NAIC) Accounting Practices and Procedures Manual, (NAIC SAP) has been adopted as a component of prescribed or permitted practices by the State of New York.

A reconciliation of the Company's net income and capital and surplus between NAIC SAP and practices or permitted by the State of New York as of March 31, 2022 and December 31, 2021 is shown below:

B. Use of Estimates in the Preparation of the Financial Statements

No significant change.

C. Accounting Policy

- 1) No significant change.
- 2) The Company has no investment in mandatory convertible securities or SVO identified investments. Bonds not backed by other loans, with NAIC ratings of 3-6, are stated at the lower of amortized cost or market value; all other NAIC ratings are stated at amortized cost using the scientific interest method.
- 3-5) No significant change.
- 6) Loan-backed securities are generally stated at amortized cost using the retrospective method, except for those with NAIC designation 3-6 which are stated at lower of amortized cost or fair value.
- 7-13) No significant change.

D. Going Concern

Based upon its evaluation of relevant conditions and events, management does not have substantial doubt about the Company's ability to continue as a going concern.

D. Loan-Backed Securities

- (1) Prepayment assumptions for mortgage-backed/loan-backed securities were obtained from independent third party pricing services or internal estimates.
- (2) At March 31, 2022, the Company did not have any securities within the scope of SSAP No 43R, Revised Statutory Accounting for Loan-backed and Structured Securities, with a recognized other-than-temporary impairment due to the intent to sell or an inability or lack of intent to retain the security for a period of time sufficient to recover the amortized cost basis.
- (3) At March 31, 2022, the Company did not hold any loan-backed and structured securities with a recognized credit-related other-than-temporary impairment.
- (4) There are no impaired securities for which an other-than-temporary impairment has not been recognized in earnings as a realized loss.
- (5) All loan-backed and structured securities in an unrealized loss position were reviewed to determine whether an other-than-temporary impairment should be recognized. As of March, 2022, the Company believes it has the intent and ability to hold securities long enough to allow the cost basis of these securities to be recovered. Although the investment securities above did not meet management's criteria for other-than-temporary impairment at this time, it is possible that future events or information could cause them to conclude that declines in value are other-than-temporary.

ANAT has agreed to certain covenants in the Merger Agreement restricting the conduct of its business between the date of the Merger Agreement and the earlier of the Effective Time and the termination of the Merger Agreement. The general effect of these covenants is that, during such interim period, ANAT will be limited in its ability to pursue strategic and operational matters outside the ordinary course of business. ANAT has agreed that it and its subsidiaries will conduct their business in the ordinary course consistent with past practice in all material respects and use reasonable best efforts to preserve their business organizations, goodwill and assets, keep available the services of their current key officers and employees, and preserve their present relationships with governmental entities and other key third parties, including customers, reinsurers, distributors, suppliers and other persons with whom the ANAT and its subsidiaries have business relationships.

In addition, ANAT has agreed to specific restrictions relating to the conduct of its business between the date of the Merger Agreement and the earlier of the Effective Time and the termination of the Merger Agreement, including, but not limited to, not to take (or permit any of its subsidiaries to take) the following actions (subject, in each case, to exceptions specified below and in the Merger Agreement or previously disclosed in writing to Brookfield Reinsurance as provided in the Merger Agreement or as consented to in writing in advance by Brookfield Reinsurance (which consent shall not be unreasonably withheld, delayed or conditioned)) or as required by law:

- subject to certain limited exceptions, offer, issue, sell, transfer, pledge, dispose of or encumber any shares of, or securities convertible into or exchangeable for, or options, warrants, calls, commitments or rights of any kind to acquire, any shares of capital stock or other voting or equity interests of any class or series of ANAT or its subsidiaries;
- amend or propose to amend ANAT's or its subsidiaries' certificate of incorporation, bylaws or other comparable organizational documents, in each case, whether by merger, consolidation or otherwise;
- authorize, recommend, propose, enter into or adopt a plan or agreement of complete or partial liquidation, dissolution, merger, consolidation, restructuring, recapitalization or other reorganization of ANAT or any of its subsidiaries;

NOTES TO FINANCIAL STATEMENTS

- subject to certain limited exceptions (including permitting ANAT to execute investment portfolio transactions in the ordinary course of business consistent with past practice and in accordance with its existing investment plan and investment guidelines), acquire or agree to acquire any business or any corporation, partnership, association or other business organization or division thereof;
- make or authorize capital expenditures that are, on an individual basis, in excess of 110% of ANAT's capital expenditure budget or in excess of 105% of the aggregate capital expenditure budget, except for (i) planned capital expenditures disclosed to Brookfield Reinsurance at signing of the Merger Agreement and (ii) reasonable emergency capital expenditures (after consultation with Brookfield Reinsurance) necessary to maintain its ability to operate its businesses in the ordinary course or for the safety of individuals, assets or the environment;
- subject to certain limited exceptions, sell, lease, license, transfer, pledge, subject to any encumbrance or otherwise dispose of any of its or their assets or properties;
- incur, guarantee or assume any indebtedness, subject to certain limited exceptions, including investment portfolio transactions in the ordinary course of business consistent with past practice and other incurrences of indebtedness not to exceed \$10,000,000 in the aggregate;
- enter into any material contract or reinsurance contract other than in the ordinary course of business consistent with past practice; and
- terminate, amend, modify, assign or waive any material right under any material contract or reinsurance contract except in the ordinary course of business consistent with past practice.

a. Assets at fair value					
Total assets at fair value/NAV	\$ -	\$ -	\$ -	\$ -	\$ -

Description for each class of asset or liability	(Level 1)	(Level 2)	(Level 3)	Net Asset Value (NAV)	Total
b. Liabilities at fair value					
Total liabilities at fair value	\$ -	\$ -	\$ -	\$ -	\$ -

(2) Fair Value Measurements in (Level 3) of the Fair Value hierarchy

There were no Level 3 securities for period ending March 31, 2022.

(3) Transfer between levels, if any, are recognized at the beginning of the reporting period.

(4) The market values of equity and debt securities are obtained from various pricing services. There has been no change in the valuation techniques and related inputs.

(5) The Company does not own any derivative securities.

B. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability. A fair value hierarchy is used to determine fair value based on a hypothetical transaction at the measurement date from the perspective of a market participant. An asset or liability's classification within the fair value hierarchy is based on the lowest level of significant input to its valuation. The input levels are defined as follows:

Level 1 - Unadjusted quoted prices in active markets for identical assets or liabilities. The Company defines active markets based on average trading volume for equity securities. The size of the bid/ask spread is used as an indicator of market activity for fixed maturity securities.

Level 2 - Quoted prices in markets that are not active or inputs that are observable directly or indirectly. Level 2 inputs include quoted prices for similar assets or liabilities other than quoted prices in Level 1; quoted prices in markets that are not active; or other inputs that are observable or can be derived principally from or corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Unobservable inputs that are supported by little or no market activity and are significant to the fair value of the assets or liabilities. Unobservable inputs reflect the Company's own assumptions about the assumptions that market participants would use in pricing the asset or liability. Level 3 assets and liabilities include financial instruments whose values are determined using pricing models and third-party evaluation, as well as instruments for which the determination of fair value requires significant management judgment or estimation.

The Company has evaluated the various types of securities in its investment portfolio to determine an appropriate fair value hierarchy level based upon trading activity and the observability of market inputs. Based on the results of this evaluation and investment class analysis, each price was classified into Level 1, 2, or 3.

The pricing service utilizes market quotations for fixed maturity securities that have quoted prices in active markets. Since fixed maturities generally do not trade on a daily basis, the pricing service prepares estimates of fair value measurements for these securities using its proprietary pricing applications, which include available relevant market information, benchmark curves, benchmarking of like securities, sector groupings and matrix pricing. Additionally, the pricing service uses an Option Adjusted Spread model to develop prepayment and interest rate scenarios.

The pricing service evaluates each asset class based on relevant market information, relevant credit information, perceived market movements and sector news. The market inputs utilized in the pricing evaluation, listed in the approximate order of priority, include benchmark yields, reported trades, broker/dealer quotes, issuer spreads, two-sided markets, benchmark securities, bids, offers, reference data, and economic events. The extent of the use of each market input depends on the asset class and the market conditions. Depending on the security, the priority of the use of inputs may change or some market inputs may not be relevant. For some securities additional inputs may be necessary.

The Company has reviewed the inputs and methodology used by the pricing service and the techniques applied by the pricing service to produce quotes that represent the fair value of a specific security. The review of the pricing service's methodology confirms the service is utilizing information from organized transactions or a technique that represents a market participant's assumptions. The Company does not adjust quotes received by the pricing service.

Equity and fixed income securities are priced by independent pricing services. The pricing service utilized by the Company has indicated that they will only produce an estimate of fair value if there is objectively verifiable information available. If the pricing service discontinues pricing an investment, the Company would be required to produce an estimate of fair value using some of the same methodologies as the pricing service, but would have to make assumptions for market-based inputs that are unavailable due to market conditions.

The fair value estimates of most fixed maturity investments including municipal bonds are based on observable market information rather than market quotes. Accordingly, the estimates of fair value for such fixed maturities provided by the pricing service are included in the amount disclosed in Level 2 of the hierarchy.

The Company has no Level 3 securities for the period ending March 31, 2022. However, for any fixed securities that have characteristics that make them unsuitable for matrix pricing, a quote from a broker (typically a market maker) would be obtained. Due to the disclaimers on these quotes that indicate that the price is indicative only, the Company would include these fair value estimates in Level 3. Also, since, the pricing of certain private placement debt includes significant non-observable inputs, the internally determined credit rating of the security and an externally provided credit spread, these securities would also be classified in Level 3.

NOTES TO FINANCIAL STATEMENTS

- C. Aggregate fair value for all financial instruments and the level within the fair value hierarchy in which the fair value measurements in their entirety fall. The table below reflects the fair values and admitted values of all admitted assets that are financial instruments. The fair values are also categorized into the three-level fair value hierarchy as described above in the Note 20A.

Type of Financial Instrument	Aggregate Fair Value	Admitted Assets	(Level 1)	(Level 2)	(Level 3)	Net Asset Value (NAV)	Not Practicable (Carrying Value)
Bonds	\$ 6,264,884	\$ 6,397,304	\$ 3,698,910	\$ 2,565,974			

- D. Not Practicable to Estimate Fair Value
As of March 31, 2022, there were no financial instruments for which it is not practicable for the Company to estimate the fair value.

- E. Investments measured using Net Asset Value
The Company had no investments measured using Net Asset Value.

NOTE 21 Other Items

- A. Unusual or Infrequent Items

On March 11, 2020, the World Health Organization formally declared the outbreak of the novel coronavirus COVID-19 to be a pandemic. Below is a summary of significant subsequent developments in our COVID-19 response:

We continue to take steps to protect employees with the goals of maintaining their health and sustaining an adequate workforce, including employees working from home and offering flexibility for employees negotiating scheduling conflicts due to the impacts of COVID-19, such as caring for family, alternative arrangements and shutdowns for business and schools, self-isolation or personal illness, including granting additional paid time off for vaccinations and to address these hardships. Additionally, we closely monitor and align with federal, state, and local health mandates for the protection of our onsite workers (masking, social distancing, etc.).

We suspended our summer Internship Program for 2020. In 2021, we piloted a hybrid program which combined virtual and in-person elements for a small group of interns. In 2022, we will offer a hybrid program for an expanded group of interns.

We have recently updated return-to-office plans for our locations. Beginning in early April 2022, we began to gradually introduce more employees to our office locations. While some employees have positions requiring them to work onsite, others can work hybrid schedule, with their management team's approval.

Although we have been able to maintain our business operations since the onset of the pandemic, no assurance can be given that these actions will continue to be successful, nor can we predict the level of disruption that will occur should the COVID-19 pandemic and its related macroeconomic risks continue for further extended periods of time. Given this uncertainty, we are unable to quantify with reasonable confidence the total expected impact of the COVID-19 pandemic on our future operations, financial condition, liquidity and results of operations. The wide-ranging social, economic and financial consequences of the COVID-19 pandemic and the possible effects of ongoing and future governmental action in response to COVID-19 compound this uncertainty.

Additionally, as a result of the impacts of COVID-19, state insurance departments across the country issued regulations that required us not to cancel policies for non-payment for varying amounts of time but generally for at least 90-day periods which began in March and early April 2020. As of December 31, 2021, the cancellation and grace periods have been lifted in all states.

In 2020, we issued a 15% policy credit for our personal and commercial auto policyholders based on their April and May premiums, which amounted to approximately \$0.8 million. Additionally, we reduced premiums by providing credit or exposure adjustments to some of our property and casualty policies, in some cases pursuant to regulatory requirements.

Thus far, throughout the pandemic, we believe we have successfully navigated the risks associated with COVID-19 and have been able to successfully maintain our business operations. However, as the pandemic continues, the extent to which COVID-19 impacts our business, results of operations, financial condition, or liquidity will depend on future developments which remain highly uncertain.
